

**Nebraska Branch
International Dyslexia Association
Join IDA Today**

The Nebraska Branch of the International Dyslexia Association (IDA) invites you to join our organization whose focus is to assist individuals experiencing reading difficulties. As a member of our branch, you are able to participate in a number of programs and outreach activities. We sponsor an annual conference which includes up-to-date information on effective teaching approaches and advances in the field. We maintain a tutor referral resource list as well as promoting and providing courses in multisensory language instruction. Our branch newsletter comes out three times a year. We also sponsor periodic parent/educator educational support programs. The national IDA conference, held annually, has more than 200 breakout sessions as well as nationally known reading expert keynote speakers.

Join by clicking "*Membership Form*" on the "*Join IDA*" button of the NE Branch IDA website.

Sincerely,
Carolyn Brandle
NE Branch President
